

Auburn Downtown Revitalization

Town Hall Meeting

Tuesday, December 9, 2014 - 6:00 pm at City Hall

The City of Auburn has received grant funding to update its Downtown Revitalization Plan in anticipation of obtaining another \$350,000 to implement the plan. This meeting is for the citizens of Auburn to provide input on what type of revitalization activities you would like to see in Auburn.

The current Downtown Revitalization Plan was prepared by Hanna:Keelan Associates, P.C. in 2011. The priorities are:

1. Historic Preservation, Building Renovation & Demolition
2. Housing in Downtown Auburn and Courthouse Square
3. Urban Design, Signage & Marketing
4. Infrastructure Improvements/Upgrades
5. Alternative Energy System
6. Business Development, Retention & Expansion

We are working with the Southeast Nebraska Development District to update the plan.

The Nebraska Dept. of Economic Development funded the planning document and then provided \$350,000 for Implementation. The previous grant was utilized for Historic Preservation & Building renovations—which allowed for 28 projects on 20 commercial buildings located within the two downtown areas. Those projects included window replacement, tuck pointing, painting, roof repair, etc.

We need your input to see what would be beneficial to Auburn. Your participation is requested and appreciated. Please join us for a session on Downtown Revitalization on Tuesday December 9th @6:00 p.m. at City Hall in Auburn.

Thank you for helping to make Auburn better!
